**ABC Accident Prevention Plan Template**  
**Now Available FREE to Members!**

Is your current accident prevention plan out of date or missing some components? ABC's template was developed by the ABC Safety Committee—who worked on it for over a year. Everything you need to complete your plan is included on this easy-to-use CD covering up to 50 different areas your company must be aware of in order to have a good Accident Prevention Plan.

The CD includes sample templates you can tailor to use for your own company and includes the most recent rulings put into law by the Department of Labor & Industries.

**For your own copy, or further information, please contact Vice President of Safety & Education Ann Jarvis, [ann@abcwestwa.org](mailto:ann@abcwestwa.org), or Member Services Manager Kim Trautman, [kim@abcwestwa.org](mailto:kim@abcwestwa.org) or call them at 800.640.7789.**
