

who we are

Founded in 1991, Habitat for Humanity of Snohomish County is a registered charity and 501(c)(3) nonprofit in Washington State. Habitat homeowners help build their own homes alongside volunteers and pay an affordable mortgage that never exceeds 30 percent of their income. Through donations and volunteering, everyone can help working families achieve the strength, stability and self-reliance they need to build better lives for themselves.

Through shelter,
we empower.

Seeking to put God's love into action, Habitat for Humanity of Snohomish County brings people together to build homes, communities and hope.

We envision a world where everyone has a decent place to live.
