

# ABC OF WESTERN WASHINGTON SAFETY ALLIANCE 2018 Application

As part of ABC's continuing effort to provide safety education, training and support to its members, the ABC of Western Washington Safety Committee has developed and implemented the ABC Safety Alliance program. Our goal is to increase overall safety awareness and proficiency while providing a tool by which member safety programs can be measured for completeness, effectiveness and compliance.

ABC Safety Alliance is a completely voluntary program that allows our members to work in concert with ABC-approved safety consultants to assess their overall safety programs while increasing the effectiveness of plans, policies and procedures. As always, our primary goal is to protect the health and safety of all persons by insuring that employers are providing a safe work environment for their employees, subcontractors, suppliers or anyone else visiting their jobsites or workplace.

This comprehensive and aggressive program will assist your company in complying with the established industry and construction safety standards. **This program is available to any qualifying ABC member.**

*Disclaimer: ABC of Western Washington and its approved safety consultants do not warrant that your safety program and/or practices will meet all DOSH/OSHA regulations.*

Please complete the following information and submit it, along with your application fee to the ABC Safety Department. Once your application has been received, we will contact you to schedule your audit. If you have any questions please call (425) 646-8000, (800) 640-7789 or email Tony Incrocci at [tony@abcwestwa.org](mailto:tony@abcwestwa.org).

## ABC SAFETY ALLIANCE FORM INSTRUCTIONS FOR PARTICIPATING IN ABC SAFETY ALLIANCE

Complete each of the 21 key components on the left side of the page. If you do not meet the rated criteria for each key component, give yourself a zero in the sub-score column. If you score a zero in component A and/or component H you **do not** qualify for the ABC Safety Alliance. Applicant must score a minimum of 120 points to qualify the first year and a minimum of 130 points to qualify each succeeding year. If you do not qualify at the 120 points, **an ABC safety consultant can work with you** to improve your safety process.

A member of the ABC Safety Alliance verification team will verify the score submitted by the ABC Safety Alliance applicant and conduct an onsite job walk. Under each heading is a suggestion of location to find information that will support applicant's score. Verifier may use other information that is not listed to conduct verification. Upon verification of each item, verifier will identify the score in the sub-score section.

**Participation in the ABC Safety Alliance is completely voluntary.**
